### Some selections from the new edition—

*"If there is any law connected with grace, it is that as we give love to the Overself so do we get grace from it. But that love must be so intense, so great, that we willingly sacrifice time and thought to it in a measure which shows how much it means to us. In short, we must give more in order to receive more. And love is the best thing we can give."*

*"If the Long Path creates despair about oneself, about the frustration of one's spiritual hopes, the Short Path creates joy about one's close relationship with the Overself and the feeling of its acceptance of one."*

*"If few attain the wonder of Overself consciousness, it is because few can lift their minds to the level of impersonality and anonymity. But what all cannot do with their minds, they can do much more easily with their hearts. Let them approach enveloped in love, and the grace will come forward to meet them. By its power, the ego which they could not bring themselves to renounce will be forgotten."*

*"Love of the Overself is the swiftest horse that can bear us to the heavenly destination. For the more we love It, the less we love the ego and its ways."*

## Explore New PB YouTube Teachings

We're thrilled with our beautiful new video teachings, all available for viewing on YouTube:

**Initiation in Angkor:** PB describes his initiation during his travels to Angkor Wat in Cambodia in 1939, and explores the ruins of the ancient Khmer civilization, a blend of Buddhism and Hinduism.

**The Secret Doctrine of Angkor Wat:** Here PB shares that he received secret teachings in Angkor, given to him by a Mongolian adept, and that these contributed to the presentation of his philosophy of mentalism.

## The Institute of Psychology Research, Ecuador

The Institute of Psychology Research (INDIPP) in Quito, Ecuador, is a non-profit organization that provides perspectives and explorations of the psychological structure of the human being. It was founded more than 50 years ago by Dr. Patricio Bermúdez, who was a faithful scholar of PB's writings.

In 2021, the PBPF donated photocopies of 82 volumes of Paul Brunton's unpublished material to the INDIPP library, to help support their PB studies and classes.

A group of students at INDIPP, committed followers of PB's teachings, are working on translations into Spanish of some of his early books, as well as videos and a Spanish website: <https://paulbrunton.com/br/es>

They also have a Spanish Facebook and Instagram page for PB's teachings:
